

**8th INTERNATIONAL SYMPOSIUM
ON SEPARATION SCIENCES**
(8-12 SEPTEMBER, 2002, TORUN, POLAND)

The scientific program will consist of invited and section lectures, poster with oral presentations, dealing with theory and practice of:

- Gas chromatography
- Liquid chromatography
- Electromigration techniques
- Membrane Separation
- New materials and columns
- Sample preparation
- Supercritical fluid
- Hyphenated techniques
- Retention mechanism
- Various trace analysis
- Chemometric investigation
- Validation.

Symposium Secretariat

Contact persons: prof. B. Buszewski and Mrs. J. Kowalska.
Department of Environmental Chemistry & Ecoanalytics.
Faculty of Chemistry,
Nicholas Copernicus University.

7 Gagarin St., 87-100 Torun, Poland.

Phone: (48) (56) 61 14 308, 61 14 753, 61 14 386.

Fax: (48) (56) 61 14 837.

E-mail: bbusz@chem.uni.torun.pl,
