50th ANNIVERSARY POLISH CHEMICAL SOCIETY CONGRESS & 11th EuCheMS INTERNATIONAL CONFERENCE ON CHEMISTRY AND THE ENVIRONMENT

Nicolaus Copernicus University, Department of Environmental Chemistry and Bioanalytics in Torun (Poland) together with Polish Chemical Society, European Association for Chemical and Molecular Sciences – Division of Chemistry and Environment is going to organize the 50th Anniversary Polish Chemical Society Congress & 11th EuCheMS International Conference on Chemistry and the Environment which will be held September 9-12th 2007 in Torun.

The conference scientific program will concern: organic, supramolecular, coordination, bioinorganic, polymer, biopolymer, physical, theoretical, material and nanomaterial chemistry, chemical technology and engineering, chemistry in art and monument conservation, structural chemistry and molecular modelling. Analytical and environmental chemistry section will include bioaccumulation and bioanalysis, chemometry and modelling, food and fodder analysis, green chemistry, monitoring (chemical and biological), pharmaceutical, biomedical analysis, genomics, speciation, proteomics, sample preparation, toxicology, metabolomics, terrorism (chemical and biological), water, air, soil pollutants.

Polish Chemical Society Congress is an annually national meeting but we would like join it with EuCheMS International Conference on Chemistry & the Environment and perform one of the biggest international scientific events in central-east Europe.

We hope Polish Chemical Society Congress & EuCheMS International Conference on Chemistry and the Environment will follow four days very successful events, and will take the form of full length residential meeting.

More information you can find on the web site: www.50zjazd.ptchem.pl or please contact directly Prof. Dr. Boguslaw Buszewski, Department of Environmental Chemistry & Bioanalytics, Faculty of Chemistry, NCU, phone: +48 0 56 6114308, +48 0 56 6114753, fax: +48 0 56 6114837, e-mail: analitik@chem.uni.torun.pl.

It will be great pleasure for us to welcome all scientists interested in above topics.

Prof. Dr. Boguslaw Buszewski

Conference Chairman
